**RE: 32<sup>nd</sup> Annual Dober Invitational Golf Tournament Benefitting Suicide Prevention**

The Jordan Porco Foundation (JPF) is grateful to be the chosen beneficiary of the 32<sup>nd</sup> Annual Dober Invitational Golf Tournament. JPF's mission is to prevent suicide, promote mental health, and create a message of hope for young adults.

We accomplish this by providing engaging and uplifting programs—Fresh Check Day, 4 What's Next, and Check In. Our programs raise mental health awareness while encouraging help-seeking and supportive behaviors. JPF is named in memory of the co-founders' son, Jordan. Jordan died by suicide in 2011 as a college freshman. What started as two grieving parents' vision has grown into a nationally respected Foundation that helps over 40,000 young adults across the country each year.

Sponsoring the 2021 Dober Invitational shows your support of youth and young adult mental health. Your dollars directly support our lifesaving programs, and support like yours is needed now, more than ever. Youth and young adults continue to mask their feelings to try and meet perceived societal demands. They're struggling through the uncertainties of the ongoing pandemic and need primary prevention programs like ours to survive and thrive.

JPF's vital work only continues because of sponsors like you. On behalf of JPF, and most importantly, the youth and young adults who benefit from our efforts, I want to thank you for sponsoring the 2021 Dober Invitational. You're helping save lives.

Thank you,

Marisa Giarnella-Porco

Co-Founder and President
